We the undersigned petition the Council, ~~to~~ NHS England & Kernow CCG to:

Increase existing services to cope with ever increasing population within Camelford Network Area, to ensure that a long term plan is in place. Our community has the right to a standard living adequate for a health & well being for the current population that is anticipated to increase significantly. This includes medical care that can be accessed by all abilities locally without having to travel out of the area to do so.
